

# Call For Papers\*

**The 6th International Conference on Power Electronics Systems and Applications (PESA)** will be held from **15th to 17th December 2015** in **Hong Kong**. This summit focuses on recent innovations and technological progress in power electronics and related domains with the theme as "Advancement in Electric Transportation - Automotive, Vessel & Aircraft". The conference aspires to be a key platform to disseminate knowledge among academics and engineers worldwide, and provide high quality research and industrial interaction for the advancement of technology. It includes technical presentations and panel discussions, accentuating the theme, by eminent practicing engineers and academics.

The conference is supported by IEEE, IET, HKIE, several electric vehicles, environment and energy related organizations and industries.

<http://www.pesa-polyu-2015.com>

## Topics:

- Power Converters
- Magnetics & Capacitors design
- Distributed Generation & Energy Storage
- EMC & Power Quality
- Aerospace Power Electronics
- Medical Power Electronics
- Control Techniques for Power Converters
- Thermal Management & Packaging
- Power Electronics application in Power Systems
- Motor Drives
- Motion Control & Mechatronics
- Wide Band Gap Semi-conductors devices
- Environmental Protection & Alternative Energy
- Railway Systems & Transportation

## Deadlines:

Abstract Submission  
(31 July 2015)

Notification of Acceptance  
(31 August 2015)

Submission of Final Manuscripts  
(FULL PAPER)-(15 October 2015)

Early bird Registration  
(30 October 2015)

Final Registration  
(15 November 2015)
